Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner requested applicant to submit statement that the deletion to the specification reflected that applicant disavowed or do not intend to cover transmission type media, such as digital and analog communication links, wired or wireless communications links using transmission forms, such as, for example radio frequency and light wave transmission or reinstate deleted material in order to overcome new matter and 112 2nd paragraph rejections resulting from deletion of matter from the specification. Applicant agreed to an examiner's amendment to reinstate the deleted material into the specification. Applicant also agreed to cancel claims 15-18, 21, and 24 to overcome the 101 rejection presented in the previous office action, making the case in condition for allowance.

Also, examiner suggested applicant to change the dependency of claim 14 to claim 8 instead of claim 13 since claim 13 had been cancelled. Applicant agreed.
